2020 ALBARIÑO NORTE

WINE PROFILE:

Our 2020 Albariño Norte is full-bodied, dry, and crisp. With wonderful, perfumed floral, white fruits and citrus aromas and flavors, vibrant acidity, and a lengthy mineral finish, this white wine is perfect for summer and beyond. Enjoy it with seafood, Spanish Tapas, or a charcuterie board.

ABOUT THE VINTAGE/GROWING SEASON:

Overall, 2020 was a successful growing season. After the difficult growing year in 2018 due to rain and the smaller than average harvest in 2019, our 2020 harvest burst forth with our highest yields to date. We were extremely lucky to have been missed by the late spring frosts and heavy summer rains that hit so many local vineyards, giving us plenty of sunshine, hot temperatures, and just enough rain to keep the vines from being over-stressed.

WINEMAKING NOTES:

Estate-grown and sustainably farmed on our 146 acre farm, our grapes are tended by hand throughout the growing season and are harvested by hand in the fall. After an overnight rest in the cool winery building, the Albariño wine grapes are sorted, de-stemmed, and are gently whole-cluster pressed before the juice is transferred into stainless steel fermentation tanks. Fermentation is done at a cool temperature and typically takes about a month to complete.

VARIETAL:

100% Albariño

ABV: 13.7%

BOTTLED: April 2021

CASES: 375

VINES PER ACRE: 1895

GEOLOGY: West

SLOPE ORIENTATION:

Decomposing slate laced with veins of quartz

WINEMAKERS:

Ed Boyce & Sarah O'Herron
